Moving story books allow you to move characters across different backgrounds

### Key vocabulary

- assemble** – to fix all parts together
- design** – to make, draw or write plans for something
- design criteria** – a set of rules to help you with your ideas and test the success of them
- evaluation** – when you look at the good and bad points about something, then think about how you could improve it
- mechanism** – a system of parts working together
- model** – a practice version, often on a smaller scale, that lets you test out your idea and see how it will look and work
- sliders** – something that can move from side to side or up and down
- stencil** – a shape which you can draw around
- target audience** – a person or particular group of people at whom a product is aimed
- template** – a stencil which you use to help you draw a shape more easily on to different materials
- test** – to find out whether something works as it should
